By Senator Rose—

Senate Resolution No. 20:

The last roll call has been answered by another former member of the Florida Senate. The Honorable Franklin O. King departed this life at Orlando, Florida, on March 18, 1935, at the age of 63 years.

Senator King was a colorful figure, the most picturesque period of his life, perhaps, being his adventures in the Klondike country during the famous gold strike.

After coming to Florida he made his residence, and engaged in business, in Orange County, and soon became identified with civic life and organizations. A fluent and eloquent speaker, he was drawn into politics, and was elected to the

House of Representatives, serving Orange County in that body during the 1927 session. His service there, in the judgment of his county, merited advancement, and he was elected to the Florida Senate, where he served during the 1929 and 1931 sessions.

Unsuccessful in his subsequent campaign for Commissioner of Agriculture. Senator King gradually withdrew from political activities as he felt the approach of ill-health.

A brilliant and forceful advocate of what he deemed to be the right course, Senator King will long be remembered for his service in the Legislature, and other public service, and his many admirable qualities will abide in the recollection of his friends.

Which was read the first time in full.

The question was put on the adoption of the Resolution.

Which was unanimously agreed to by a standing vote of the Senate, and Senate Resolution No. 20 was adopted.

WHEREAS, it was the inventive genius and the humanitarian instincts of an eminent citizen of Florida, Dr. John B. Gorrie, who rendered this contribution to the happiness and welfare of mankind; and

WHEREAS, it is fitting and proper that the State of Florida should take the initiative in the establishment of some appropriate memorial to this signal service to civilization rendered by this kindly and generous man, who derived no profit from the invention made; and

WHEREAS, the memorial should be such as truly to reflect the noble character and the humanitarian impulses of Dr. Gorrie; and

WHEREAS, the disease of cancer is one of the great scourges of the human race, which to date, due to the lack of adequate means to discover its existence and to arrest its progress in the stages when it might be curable, has, with the exception of heart disease only, taken the greatest toll of human life of any disease each year in the United States; and

WHEREAS, those public-spirited citizens who have thus desired to memorialize Dr. Gorrie have conceived of the laudable purpose of making the Gorrie memorial an agency for investigating, diagnosing and curing the disease of cancer; and

WHEREAS, the Florida Ice Manufacturers Association has indicated that it may set aside and donate to the Gorrie Memorial the proceeds of the sale of ice during Ice Week, from July 14th to July 21st; and
